Quote

“ Israel must defend itself. And Hamas must bear responsibility for ending a six-month cease-fire this month with a barrage of rocket attacks into Israeli territory. Still we fear that Israel's response — devastating airstrikes that represent the largest military operation in Gaza since 1967 — is unlikely to weaken the militant Palestinian group substantially or move things any closer to what all Israelis and all Palestinians need: a durable peace agreement and a two-state solution.”

Add or change this opinion item's references

This item argues for the position Israel was right to attack Gaza on the topic Gaza War.
