Quote

“ "There is really no proof that nonunion workers would organize even with card check. If they did, most would probably still want the vote. The AFL-CIO and other unions have had no success organizing workers in the tech industry, and their traditional manufacturing base is dwindling. The unions should stop using card check as a wedge issue to disguise their failure to be forward thinking." ”

Add or change this opinion item's references

This item argues against the position Act should be passed on the topic Employee Free Choice Act.
