Quote

“ "The end-of-life provisions of the Obama health care plan would upset the balance of power in health care decision-making in favor of doctors and hospitals and against individuals and families. The federal legislation provides an economic incentive for doctors and hospital administrators to use Medicare funds to start hastening certain patient deaths a bit sooner under existing state laws." ”

Add or change this opinion item's references

This item argues against the position Act should be passed on the topic Patient Protection and Affordable Care Act.
