Quote

“ Every day that US troops remain in Iraq drives up the cost of gains already made: the elimination of Saddam Hussein and the opening of a door, however narrow, to democracy. The fact is that America must plan its departure from Iraq without achieving many of its goals. The tragedy of the US intervention is compounded by the need to trade the lives of more American soldiers for the time needed for an orderly withdrawal that doesn't leave Iraq completely in the lurch.”

Add or change this opinion item's references

This item argues for the position Coalition troops should pull out on the topic Post-invasion Iraq.
