**Quote**

“ So far, Gaddafi's forces have relied on airpower selectively. But Gaddafi is shrewd. My fear is that he is either choosing to bleed the opposition to death, rather than invite global action with a broad massacre, or waiting for the world to prove itself unwilling to act. Then he may well begin killing civilians in large numbers. ”

Add or change this opinion item's references

This item argues for the position United States should impose a no-fly zone on the topic 2011 Libyan uprising.
