Quote

“There were serious errors in judgment that have led to needless deaths and injuries. But that is for the historians to sort out. We must win this war, or Islamofascism will win it. There can be no turning back. The only thing the enemy understands is humiliation and defeat. They must be given a double dose of each so that they will abandon violence and oppression for generations to come.”

Add or change this opinion item's references

This item argues against the position Coalition troops should pull out on the topic Post-invasion Iraq.
