Quote

“ History will record a number of military mistakes made in the Iraq war - and will surely note that al Qaeda's decision to engage the US-led coalition there represented a major strategic blunder. Al Qaeda certainly didn't have to do that - but it did anyway, and is paying a horrific price because of it. As Gen. Ricardo Sanchez has noted, Iraq "is exactly where we want to fight [al Qaeda]," because "this will prevent the American people from having to go through their attacks back in the United States." ”
