Quote	"Oil export revenues for Iran are about $150 million a day, a figure far greater than the likely annual cost of the weaponry delivered by the Iranians to be used against U.S. personnel in Iraq. Moreover, the disinvestment policy will prove ineffective because the international capital market is vast; disinvestment by California's pension funds will be replaced by investment from others."

Add or change this opinion item's references

This item argues against the position Companies should disinvest from Iran on the topic Iranian nuclear crisis.
