Quote

“ Saying his bill will reduce costs doesn't make it true. Take the legislation's huge \$500 billion cuts in Medicare. The government already reimburses hospitals and doctors less than their costs. Further cuts mean even more cost shifting to privately insured patients to cover deeper Medicare losses. Private insurance won't cover all of these exorbitant losses, which will force many doctors and hospitals out of business.”

Add or change this opinion item's references

This item argues against the position Act should be passed on the topic Patient Protection and Affordable Care Act.
