Quote

“ If a warning is to have a chance of influencing North Korea's behavior it has to be much more specific. It would have to promise retaliation against North Korea if a terrorist detonated a nuclear bomb in one of our cities. It must be backed by a meaningful forensics program that can identify the source of a nuclear bomb.”

”

Add or change this opinion item's references

This item argues against the position Economic sanctions should be placed on North Korea on the topic North Korean nuclear crisis.
