Quote

“ Mr. Blair spoke of imposing a no-fly zone to impede air attacks in Darfur. That's an operation that would necessarily be carried out by Western powers, which could undertake it without U.N. sanction, as they did in Kosovo. If the situation in Darfur is "intolerable" and "unbearable" -- and it is -- Western governments should stop delaying the remedies that lie in their hands.”

Add or change this opinion item's references

This item argues for the position NATO should intervene on the topic Darfur conflict.
