Quote

“ But we cannot allow ourselves to forget for even a moment that force is effective only as a preventative — to prevent the destruction and conquest of Israel, to protect our lives and freedom. Every attempt to use force not as a preventive measure, not in self-defense, but instead as a means of smashing problems and squashing ideas, will lead to more disasters, just like the one we brought on ourselves in international waters, opposite Gaza’s shores.”

”

Add or change this opinion item's references

This item argues against the position Israel was justified in its actions on the topic Gaza flotilla raid.
