Quote

“ To Hamas, Palestine is part of a cause rather than a political project. One cannot negotiate with a cause that claims celestial benediction, especially when it rejects the very legitimacy of one's existence. A political project, however, is negotiable because it is about worldly problems such as territory, borders, security, exchange of populations and joint administration of certain areas, which could have worldly solutions.”

Add or change this opinion item's references

This item argues for the position Israel was right to attack Gaza on the topic Gaza War.
