Quote “The Agriculture Department predicts farmers this year will beat their average income over the last decade by around 50 percent. Prices for crops like corn and wheat are going gangbusters, making life better for farmers but undermining the case for extending nearly \$40 billion in subsidies for crops like corn and wheat.”

Add or change this opinion item's references

This item argues against the position Bill should be passed on the topic 2007 U.S. Farm Bill.
