Quote

“What we have here is a remarkable display of the anti-antiterror minority at work. Democrats could vote directly to restrict wiretapping by the executive branch, but they lack the votes. So instead they're trying to do it through the backdoor by unleashing the trial bar to punish the telephone companies. Then if there is another terror attack, they'll blame the phone companies for not cooperating.”

Add or change this opinion item's references

This item argues for the position Act should be renewed on the topic Protect America Act of 2007.
