Quote

“ "These nonmilitary U.S. sanctions come after more than four years of deferring to European and U.N. diplomacy toward Iran. The U.S. delayed even this move for months as it tried to persuade Russia not to block more serious sanctions through the U.N. Security Council. Iran feels confident in pursuing a nuclear bomb, and promoting terrorism, precisely because it believes Mr. Putin and others will block any serious multilateral response." ”

Add or change this opinion item's references

This item argues for the position Economic sanctions should be imposed on Iran on the topic Iranian nuclear crisis.
