Quote

“ "Russia and China have promised to support some penalties for Iran, and my sense is that maintaining their support -- and international solidarity on Iran -- matters more than the details of sanctions. Failure to penalize Tehran would, among other things, undermine the Iranian pragmatists who favored negotiations. It would show that Tehran can defy the West and get away with it, which has been one of Ahmadinejad's implicit themes." ”

Add or change this opinion item's references

This item argues for the position Economic sanctions should be imposed on Iran on the topic Iranian nuclear crisis.
