Quote

“ "I prefer the pre-1935 rule: Unions represented the people who joined them. That world is often portrayed as anti-union, but it allowed the rise of famous unions, from Dave Beck's Teamsters to Bill Haywood's Industrial Workers of the World. In those days, unions had to struggle to gain workers' allegiance and also to keep it. It made them tough and vital."

”

Add or change this opinion item's references

This item argues against the position Act should be passed on the topic Employee Free Choice Act.
