Quote

“ Where are the roads and rail, the industry and infrastructure of the new Palestinian state? Nowhere. Instead, they built mile upon mile of underground tunnels to hide their weapons and, when the going gets tough, their military commanders. They spent millions importing and producing rockets, launchers, mortars, small arms, even drones. They deliberately placed them in schools, hospitals, mosques, and private homes to better expose their own civilians. And from which they fire rockets at Jerusalem and Tel Aviv. ”
