Quote

"The military surge devised by General David Petraeus succeeded in destroying al-Qaeda's operational effectiveness in Iraq, thereby allowing the Iraqi government to start taking responsibility for governing the country. Israel needs to adopt a similar strategy in Gaza, not least because a large proportion of the civilian Palestinian population would dearly love to see an end to Hamas's unwelcome interference in their affairs."

"

Add or change this opinion item's references

This item argues for the position Israel was right to attack Gaza on the topic Gaza War.
