Quote

“ Those who believe the Constitution means what it says should tremble at every effort to weaken any of its protections. The Constitution protects all "persons" and all "people" implicated by government behavior. So the government should be required, as it was until FISA, to obtain a 4th Amendment warrant to conduct surveillance of anyone, American or not, in the U.S. or not.”

Add or change this opinion item's references

This item argues against the position Act should be renewed on the topic Protect America Act of 2007.
