Quote

“ "The West will have to decide what is more dangerous - to attack the infrastructure of the Iranians sooner rather than later or to deal with an Iranian nuclear capability after the fact. The choices are not between good and bad but between bad and worse - and the longer we delay, the more dire those bad and worse choices will become." ”

Add or change this opinion item's references

This item takes a mixed stance on the position United States should attack Iran on the topic Iranian nuclear crisis.
