Quote	C The even greater danger is that some major content producers – and the Disney-Fox combination is an interesting example of such a beast – decides that the time has come to take control over a cable company or other internet service provider. The temptation to favour Disney-Fox content over that of rivals would prove irresistible.	"

Add or change this opinion item's references

This item argues against the position Net neutrality should be repealed on the topic Net neutrality in the United States.
