Quote

“There are things that this bill does immediately that I could not, in good conscience, oppose: It ends denial of coverage for people with pre-existing conditions and prevents health insurance companies from dropping people from coverage when they get sick. It allows people who are 26 and younger to stay on their parents' health care plans. As the mother of three children under the age of 26, that is an important issue for me.”

Add or change this opinion item's references

This item argues against the position Act should not have been passed on the topic Patient Protection and Affordable Care Act.
